**4. Matters Arising from the Minutes**

**First Aid Course**

Following the cancellation of free GCC run First Aid Courses, it was agreed to look for alternatives. It was agreed that the Council would subsidise the event and ask attendees to contribute approx. £10 per head. The Clerk was requested to investigate.

**Action: CB**

**Planting to Replace Trees Affected by Ash Die Back**

Further information regarding the species and size of the available trees had been requested.

**Action: CB**

**Traffic Calming.** - See attached notes.

Cllr Stone reported that he had discussed Auto Speed Watch with Sgt Gloyn who was interested in the idea. The data collected would be monitored by a local group and only sent on to the Police if it was significant and could be followed up. As the data collection devices are solar powered, they only operate in daylight and only record the rear of vehicles. Each device costs £594 and we would need permission from GCC before mounting it on a telegraph pole. It was suggested that one device could be purchased to start with, and another added later so that data could be recorded at each end of the Village. Each device would need to display signs.

It was agreed that Cllr Stone would prepare an article for the Village Newsletter reminding readers of the speed limit and advising them that the Council is considering installing Auto Speed Watch equipment. It was further agreed that Cllr Stone would continue to research alternatives and look into the cost of 'smiley face' devices.

**Action: AS**

Additional green bins can be purchased but residents are being encouraged to compost.

- Budget Consultation is currently underway, and a leaflet is being circulated giving details. Council Tax is considerably lower than most other Districts and residents are being consulted on possible increases in Council Tax, Parking and Green Bin fee.
