PS

Dear Caroline,

Thanks for getting in touch. We'd be pleased to provide a quote for your parish website. That's a sensible approach to look at a succession plan. One of the benefits of our service is that should clerks or councillors come and go, we're here with all the information and tools to help the new members hit the ground running.

We can apply our Early Adopter discount to make your annual subscription £280 ex vat. That discounted price will stay with your account each year of your subscription. This is also our lowest subscription rate, as I appreciate you're a small council.

We have one subscription package. It includes:

- **Site Build** - getting your site prepared
- **Hosting** - the servers where your website live
- **Ongoing Maintenance** - anything new features, security upgrades or updates to align to new legislation
- **SSL Certificate** - this keeps your site encrypted and safe for visitors
- **Migration** - we port over as much content from your current site as possible at no extra cost
- **Email** - 20 mailboxes with 5GB storage (access via webmail or IMAP)
- **Gov.uk domain** - we register your new gov.uk domain and pay the fees instead of you having to pay for it. The domain is owned by you, but we manage it.

You can choose one of the following domain names:

www.prestonparishcouncil.gov.uk

www.preston-pc.gov.uk

We can get websites ready in around 3-4 weeks, so have a quick turnaround for the service.

If you'd like to go ahead please let me know what domain you'd prefer and we'll get started.

Best regards,

Chris Mewse

Subject:I'd like a quote

Message:Our website is currently hosted on my husband's server in our home but at 72 I recognise that I'm not going to be clerking forever ! I would like to present the PC with several options on how they can deal with the village website in the future so I will be seeking quotes elsewhere, too. It's a very small Parish so there's a limit to the information that we need to include as well as the cost that the Council will wish to cover. Perhaps you could look at our existing site: <http://www.preston.org.uk> and let me have your thoughts.
Thank you, Caroline Braidwood.
